

SPEAKER BIO

Reflective Spaces Ministry, Corp, a 501(c)(3) non-profit, was founded by Tammy Toney-Butler, a former emergency department nurse and Sexual Assault Nurse Examiner. Following the whisper of the Holy Spirit, Tammy and her husband, David, sold all their possessions and relocated to Lee County, Florida. They purchased a ten-acre parcel of land to begin a trauma-focused, prophetic healing ministry. Tammy, a survivor of child sex trafficking, was transformed by her faith in Christ and is on a mission to empower survivors to start their transformative journey as they find peace, calm, and serenity.

Tammy is a published author and subject matter expert on human trafficking and trauma-responsive care. She has publications featured in the National Library of Medicine (PubMed) and is an international speaker on human trafficking. Tammy's extensive presentation list includes speaking at the United Nations and World Health Organization's Year of the Nurse and Midwife Civil Society Briefing, the National Association of Pediatric Nurse Practitioners - Long Island Chapter, American Nurses Association General Assembly, the National Society of the Daughters of the American Revolution, the Naples Woman's Club Empowering Woman's Luncheon, and the Bonita-Estero Woman's Club.

Tammy has been retained as an expert witness and a network television panelist. She has been active in her advocacy efforts in Washington, DC. She is unafraid to speak the truth regarding child safety legislative initiatives and the need for reform in this space. In 2020, A&K Ranch Ministries, LLC, and Nurses United Against Human Trafficking, PA, were founded, and in 2021, Reflective Spaces Ministry became a reality. In 2023, [Reflective Hour with Tammy Toney-Butler](#) was launched as a Podcast and on [YouTube](#) as a platform for transformational healing in Christ. Tammy has become the mouthpiece for God's message of hope and healing worldwide.
